VTT2610C-C

Emergency phone box
- Emergency call
- Information display
- Remote broadcast

Campus safety

VTA8111A

Emergency phone tower
- Emergency call
- Video surveillance
- Remote broadcast

Scenic spot safety

VTA8111A-4

Emergency phone tower
- Emergency call
- Information display
- Video surveillance
- Remote broadcast

Transportation safety

VTA8111A-R4

HWS800A-MT

Emergency phone tower
- Emergency call
- Speed measurement
- Video surveillance
- Traffic information display in LCD screen

System topology

- Emergency phone terminals can be managed by DSS platform, master station or both.

DSS solution

Managment Centre DSS

Master station solution

Master Solution

VTT201
- 1.3MP HD CMOS pinhole camera, night vision
- Video & audio talk
- Remote monitor and broadcast
- Two buttons for different call types
- Vandal proof,IP54,IK08

VTT2610C-C
- 1.3MP HD CMOS pinhole camera, night vision
- Video & audio talk
- Remote monitor and broadcast
- 10" TFT 1024×600 capacitive screen
- Excellent vandal proof,IP65,IK10

VTA8111A
- 1.3MP HD CMOS pinhole camera, night vision
- Video & audio talk
- Remote monitor and broadcast
- CCTV extension
- Excellent vandal proof,IP65,IK10

VTA8111A-4
- 1.3MP HD CMOS pinhole camera, night vision
- Video & audio talk
- Remote monitor and broadcast
- 10" TFT 1024×600 capacitive screen
- CCTV extension
- Excellent vandal proof,IP65,IK10

VTA8111A-R4
- 1.3MP HD CMOS pinhole camera, night vision
- Video & audio talk
- Remote monitor and broadcast
- 10" TFT 1024×600 capacitive screen
- Speed measurement devices extension
- Excellent vandal proof,IP65,IK10

LCD screen
- Information display
- IP camera extension

PTZ camera bracket
- For IP PTZ camera

VTS8240B-CG
- 1.3MP HD CMOS camera, night vision
- 10" TFT 1024×600 capacitive LCD screen
- Video & audio talk
- Multi-channel monitoring

DSS7016
- Memory@8GB,CPU@2.4GHz, HDD Disk@16×1TB
- Ehernet Port @1000Mbps
- All-in-one: Centeral Management Server(CMS), Media Transmission Server(MTS), Auto Register Server(ARS), Alarm Delivery Serever(ADS)
- Professional in emergency video intercome
- C/S structure, PC Client
